Your Smart Home Solution

Who are Viva Homes?

For over 20 years, we've been dedicated to crafting eco-friendly homes. To lead the way in environmental homebuilding, we have embraced the industry's shift toward prefabricated and modular construction methods, ensuring a sustainable future.

Go green with our Pre-fabricated Structural Wall Panels! They're the quick and reliable solution for all your building needs. Choose eco-friendly materials and construction processes without compromising on efficiency. Build with confidence and a commitment to a sustainable future!

What Services Do We Provide?

- **Complete Panel Manufacture & Installation Service:** Viva Homes offers both the supply and installation of panels, providing clients with a one-stop solution for their needs. This convenience can save customers time and effort in coordinating different aspects of a project.
- **Complete Environmental Builds:** Viva Homes also specialises in the design & build of full environmental homes, with a focus on sustainable and eco-friendly construction practices. This can be appealing to clients who prioritise environmentally conscious building methods.

Why Choose Viva Panels?

Discover our range of Environmental Wall Panels designed for every building type. Our panels boast the following features:

Natural: Crafted from local farming byproducts, they are a sustainable construction approach.

Healthy: Can be supplied free from harmful VOCs (Volatile Organic Compounds), ensuring a healthy indoor environment.

Fast: Efficient construction with external walls installed in a single day.

Structural: Designed for structural integrity, allowing the roof to be loaded and fixed directly to them.

Fire Risk Level: Rated to a Fire Resistance Level (FRL) of 120/120/120 as tested by the CSIRO

Bushfire Rating: Bushfire Attack Level (BAL) Rating of BAL29 through to Flame Zone (BAL FZ)

Viva Panels

Our structural external wall panels range come in a range of styles to suit your design and budget.

Rendered Panels

Discover the charm of strawbale building without the hassle. With Viva Rendered Panels tradition meets modern design & natural materials.

Clad Panels

Viva Clad Panels combine natural straw insulation with customisable external cladding options with the health benefits of internal natural renders.
